Welcome to ENEB

The World's Leading Business School

We are dedicated to transforming lives through high-quality education. Recognized as the #1 business school by Innovatec for our technological innovation, we offer a dynamic and engaging learning environment designed to equip you with the skills to succeed in today's competitive world.

Why ENEB?

ENEB - European Business School of Barcelona stands out as a leading institution in online education specializing in master's and postgraduate programs designed to boost your career on a global scale. With a strong international presence and courses offered in Spanish, English, and Portuguese, ENEB positions itself as the perfect choice for those seeking educational excellence without borders.

All educational programs offered by ENEB grant University Certification as they are endorsed and certified by the Isabel I University, thus validating the quality and recognition of your education internationally. Upon completing your studies, you will be eligible to receive ECTS (European Credit Transfer System).

You are our mission, our values and our goals

Our mission at ENEB is to transform your life, empowering you to choose your own path and dedicate your time to what you are most passionate about, with no limits to achieving your goals. We envision ourselves as the gateway to your life objectives, offering accessible, top-quality education for everyone. We are committed to ensuring no talent is left behind and to making a positive impact on society. With over 19,000 students annually, we feel a profound responsibility to make a real difference.

We want to transform our students' lives, from point A to point E.

We aim to provide education to everyone who truly desires it. We strive to break barriers because we believe that top-tier education should be accessible to all, not just a select few.

With over 19,000 students each year, we feel a profound responsibility to make a meaningful impact on society.

ENEB in the world

At ENEB, each country represents not just a new territory, but a fresh opportunity to transform the world. Over 150,000 students across 125 countries have wisely chosen ENEB to shape their future and make a global impact.

ENEB in Numbers

Numbers are not just figures; they are the result of our relentless effort and dedication. At ENEB, our impressive stats reflect our commitment to excellence and our global impact on education and transformation.

Accreditations

All the certificates of our training programmes are issued by ENEB Business School and certified by the Universidad Isabel I, which belongs to the European Higher Education Area guaranteeing the homogeneity and quality of the training. ENEB master's and postgraduate programs have the highest recognitions, approvals and homologations that guarantee the educational quality of their content. They are highly valued professional trainings in the field of each of the different areas of knowledge. The homologations, accreditations, memberships, certifications, registrations and recognitions of ENEB are the following:

Remote learning

ENEB's training programs are 100% online and includes manuals, daily and voluntary live classes in the ENEB Metaverse, multimedia resources, forums, and debates within the ENEB community, as well as tutoring from Monday to Sunday.

Evaluation is done through the presentation of a final assignment per subject, after passing self-assessments. These self-assessments do not affect your final grade but help you measure your progress in learning. Final assignments are evaluated and corrected by the team of tutors and professors. There are no final tests or theoretical exams.

Flexibility is not only reflected in the delivery of assignments but also in the adaptability of the program to your needs. You can follow the order of subjects that best suits your time, needs, or concerns.

ENEB has a complete team of tutors available 7 days a week to guide and advise you on practical cases, ensuring your success in each subject.

Flexible

Customised

Accessible

Online

Our Methodology

At ENEB, you learn by making decisions through Harvard-backed case studies, guided by 200+ active professionals, all within our immersive Metaverse campus. Rather than focusing on memorizing information, we place the emphasis on preparing you for real-world business decisions.

SPECIAL PROGRAMS

“The Food Truck Challenge”

Simulator in which you will manage a successful food truck in the city of Boomtown.

You will work in teams to make decisions, after each decision there will be a debriefing and the decisions made and results obtained by each team will be discussed.

With content from Harvard Business Publishing Education.

Live Classes in the Metaverse

Our synchronous live classes are held from Monday to Thursday through the ENEB Metaverse (NUBI). These classes feature the participation of experts in various educational areas. The schedule of classes may vary depending on the availability of speakers, but you will always have access to the updated calendar several weeks in advance.

Although attendance at these classes is not mandatory, they are highly recommended as they offer an interactive and practical experience on the most relevant topics of the business world in all its dimensions.

If you are unable to attend a live class, do not worry. All sessions are recorded and available on the virtual campus shortly after they take place, so you can access them at any time that suits you.

A blurred background image showing a person's face on a laptop screen, with the laptop keyboard visible in the foreground.

Flexible Learning

24/365 Access

Study at your own pace with our flexible 24/365 methodology. Whether you are a busy professional or managing other commitments, our programs are designed to fit into your life. You can start and complete your studies at your convenience, ensuring a stress-free and adaptable learning experience.

Self-Assessment and Practical Assignments

Evaluation is done through the presentation of final assignments per subject, following self-assessments that help you measure your progress. Our flexible approach allows you to follow the order of subjects that best suits your time and needs.

Calendar

All our Masters, Management Development Programs and Advanced Courses have a flexible start date, i.e. they begin when you wish and inform us. The duration of each of them will depend on the number of credits, ranging from 1 month for the Higher Education Courses, 5 months for the Executive Courses, 9 months for the Masters, 12 months for the Double Masters and 14 months for the Global MBA.

- Possibility of internships in companies
- Partnerships with other schools and businesses
- Registration in our job bank
- Networking opportunities and access to the ENEB Community
- Student card

Class President

As part of ENEB's commitment and excellence to students around the world, all programs have Class Presidents who not only are primary guides and supporters within the institution, but also key figures in fostering a robust networking network designed to expand your professional and academic opportunities.

All students are invited to connect with them to stay abreast of the latest developments and opportunities in our academic community. These leaders will offer you valuable resources and strategic advice to maximize your potential for employability and academic success.

Connect, collaborate and grow with us!

Saqib Achakzai
MBA

Senior Manager at Deloitte in London, he is a chartered accountant with more than fifteen years of experience in financial services. His experience includes business transformation, regulatory compliance and financial audits for clients in the UK, US and Middle East.

Richard Overton
MBA + Master in Project Management

Chief Engineer with over 29 years of manufacturing and business management experience. Specialized in operational efficiency, safety standards and team leadership. Expert in methodologies such as FMECA, DMAIC, 5S and TPM. Known for driving efficiency and leading goal-focused teams.

Roner Chichirita
MBA + Master in Big Data and Business Intelligence

A nurse from the Philippines working in a major German hospital, he is pursuing an MBA and a master's degree in Big Data and Business Intelligence at ENEB. His goal as Class President is to improve his leadership skills and help students. In addition, he works as a tax advisor for the Filipino community in Hamburg and enjoys building IKEA furniture and creating websites as a hobby.

Steven Poole
MBA + Master in Logistics

Steven Poole is a recognized leader in the Australian rail industry with more than 20 years of experience. He is currently a principal investigator at Australia's largest rail operator, where he has achieved notable reductions in workplace safety incidents and injuries, as well as significant improvements in staff performance and management.

Samir Bouazzi
MBA + Master in Team Management

An experienced IT, sales and business development professional, he holds a degree in Computer Science from Tunisia. He has managed projects on all continents and currently works as a Section Supervisor at Darwish Holding in Qatar, driving sales growth and fostering team excellence. His commitment to customer satisfaction, innovative strategies and team development make him a valuable professional to be Class President.

What do we expect from students

Success is the result of constant effort. There are no shortcuts to excellence. Dedicate yourself fully to each task and project, and the results will speak for themselves.

-  Active Participation
-  Visible Presence
-  Maximize Opportunities
-  Perseverance
-  Community Creation
-  Active Networking
-  Exemplary Leadership
-  Constant Effort

"I couldn't be happier with my studies at ENEB. The online platform includes current content applicable to real-life scenarios, and the quality of the master's degree exceeded all my expectations."

"I'm impressed with the professionalism and dedication of the entire team of the school. From faculty members to administrative staff, every interaction and aspect of my experience has been excellent."

Certifications

Here is an example of the certificates by ENEB and the University Isabel I that may be issued depending on your program of study.

Internship program

ENEB Business School is recognised by the most prestigious companies in different sectors. Its training programs, adapted to the current reality of the labour market, will allow you to get on perfectly in any company or organization and to develop a promising career. To make that possible, the school has an agreement with renowned business firms and an employment program where students can access more than 14,000 national and international job offers.

In its pursuit to promote the labour insertion of the students, ENEB Business School, among its free services, offers the possibility of undertaking internships in companies as a complement to their training plan. The objective of this internship, established through a Private Collaboration Agreement between the school and the company, is to allow training in work centres that reproduce the usual conditions of the business environment as part of their training plan.

We provide effective solutions to the growing training needs requested by companies for their future employees. We have an avant-garde research department to update and adapt new trends to the current market as well as a networking space for the meeting of students, managers, professionals, academic experts and entrepreneurs who want to exchange experiences and opinions. Below are some of the companies and organizations where our internships take place:

International character

In addition, all the students focused on international business, business sciences, management, business administration and management, can apply for an international internship through our partners Worldwide Internships and Pic-Management in the United States, Mexico, Dominican Republic, Spain, France, Thailand, China, Malaysia, United Arab Emirates and New Zealand, among others.

Job Opportunities

ENEB Business School is recognized by the most prestigious companies in different sectors. Its training programs, adapted to the current reality of the working world, allow students to grow professionally and climb their career ladder in any company.

To make this possible, ENEB Business School has an agreement with major business firms and employment exchanges with more than 14,000 offers available to its students within the business environment. Registration is optional, and we maintain the strictest confidentiality according to the Personal Data Protection Law in compliance with the European Regulation of Data Protection RGPD 2016/679 and RD of development 1720/2007.

Our team will advise our students on the adaptation of their curriculum and cover letters to ensure their employability in selection processes.

Scholarships and grants

ENEB has limited places available for each of the scholarships aimed at all Master's Degree and Management Development Program students who meet the following requirements:

Direct Scholarship: Without requirements or limitations in each enrollment period. Get your Direct Scholarship now without administrative procedures.

Scholarship for Academic Excellence: Intended for those students whose academic and professional qualifications have a profile of excellence.

Scholarship for self-employed professionals: Intended for self-employed professional who wish to pursue a Master's or Postgraduate degree to gain an in-depth knowledge of their sector or to acquire the necessary skills to grow their business.

SMEs Scholarship: Designed for entrepreneurs who wish to increase their knowledge to contribute to the growth of their company.

Scholarship for the unemployed: Intended for all those who wish to pursue further studies in order to re-enter the job market.

Geographical Mobility Scholarship: Intended for all applicants who wish to study from anywhere in the world and thus, acquire a global view of the business world.

We are committed to making education accessible to everyone

At ENEB, we are dedicated to democratizing education through exceptional affordability and quality. Our commitment drives us to invest in creating opportunities for every student to thrive and excel, regardless of financial constraints.

“ENEb not only offered me the chance to complete my master’s degree at an unbeatable price but also provided the flexibility I needed to achieve my goals. This experience has truly transformed my life, opening doors to new opportunities and shaping my future in profound ways.”

“I found everything I needed at ENEb: quality content in a format that allowed me to balance work, personal life and study, and at a price I could afford.”

The background image shows two women sitting on wide stone steps in front of a modern building with a glass facade. The woman on the left is wearing a light blue t-shirt and jeans, with a tan backpack. The woman on the right is wearing a light blue button-down shirt over a white top and a light blue skirt. They are both smiling and looking at each other. A large, semi-transparent red circle is overlaid on the left side of the image, partially covering the building and the woman on the left. The text 'EXECUTIVE COURSE IN INNOVATION AND DIGITAL TRANSFORMATION' is written in white, bold, sans-serif capital letters across the bottom right of the image, partially overlapping the red circle and the woman on the right.

EXECUTIVE COURSE IN INNOVATION AND DIGITAL TRANSFORMATION

INTRODUCTION

The Executive Course in Innovation and Digital Transformation is an advanced training program designed to provide professionals with the skills and knowledge necessary to lead and manage digital transformation projects in their organizations. This program is designed to develop managerial and strategic skills in innovation and digital transformation, providing a deep understanding of technological trends and tools in the business environment.

Choose to train at ENEB, one of the most prominent distance business schools in Europe, allowing you to train at the highest level from anywhere, with daily support from all professors and tutors.

TWO DIPLOMAS

Upon completing your studies, you will be eligible to receive a double certification awarded by the European Business School of Barcelona, endorsed and certified by Universidad Isabel I:

- Executive Course in Innovation and Digital Transformation

WHO IS IT FOR?

The Executive Course in Innovation and Digital Transformation is aimed at:

- Executives and managers who wish to update their knowledge in innovation and digital transformation and lead digital transformation projects in their organizations.
- Technology professionals who want to better understand the impact of technology in the digital transformation of companies.
- Finance and marketing professionals who want to improve their ability to make decisions based on innovation and digital transformation.
- Entrepreneurs and business people who want to create their own business in the field of innovation and digital transformation.
- Business consultants who want to offer innovation and digital transformation services to their clients.

OBJECTIVES

The curriculum of the Executive Course in Innovation and Digital Transformation aims to equip students with the following knowledge and skills:

- To provide a complete vision of the trends and tools in innovation and digital transformation in business.
- Develop management and strategic skills in the implementation of digital transformation.
- To enable participants to lead business projects based on innovation and digital transformation.

- Understand the challenges and opportunities of the market in the digital era.
- Provide participants with a network of contacts and business opportunities in the field of innovation and digital transformation.

CAREER OPPORTUNITIES

- **Digital Transformation Manager:** digital transformation managers are responsible for leading a company's digital transformation process, identifying opportunities to implement innovative technologies that improve efficiency and profitability.
- **Innovation Specialist:** innovation specialists work to develop new ideas and concepts for the company, identifying opportunities for growth and improving competitiveness in the market.
- **Digital Transformation Project Manager:** digital transformation project managers coordinate the implementation of new technologies and processes in the company, ensuring the integration and proper use of digital tools.

ADMISSION

To be eligible for any of our Executive Courses, applicants must meet the following requirements:

- Hold a degree in any field (Bachelor's, Architecture, Higher or Technical Engineering, Licentiate, Diploma, or equivalent).
- University students currently pursuing a degree or equivalent higher education studies.
- Professionals with career prospects in their current positions.
- If you do not meet any of the above conditions, please contact the school, and the admissions department will evaluate your specific case.

YOUR EXECUTIVE COURSE INCLUDES:

- Executive Course in Innovation and Digital Transformation
- Access to the entire syllabus from day one
- Registration in our job bank
- Possibility of internships in companies
- Tutorials from Monday to Sunday
- 7" tablet as a gift

SECTION 1: BUSINESS PLAN

- Topic 1. Vision, mission and values
- Topic 2. Strategic plan
- Topic 3. Business model
- Topic 4. Strategic analysis
- Topic 5. Monitoring the strategic plan

SECTION 2: PROJECT MANAGEMENT

- Topic 1. Project management figure
- Topic 2. Team management
- Topic 3. Team management and communication
- Topic 4. Project management

SECTION 3: AGILE METHODOLOGIES

- Topic 1. Product management
- Topic 2. Lean startup
- Topic 3. Agile management

SECTION 4: DIGITAL TRANSFORMATION

- Topic 1. Business digitalization
- Topic 2. Artificial Intelligence (AI)
- Topic 3. The Internet of Things (IoT)
- Topic 4. Blockchain
- Topic 5. Big Data and Business Intelligence (BI)
- Topic 6. Cloud computing
- Topic 7. Industrial automation and robotics
- Topic 8. Cybersecurity

SECTION 5: DATA MANAGEMENT

- Topic 1. Open data
- Topic 2. Data management
- Topic 3. Data privacy
- Topic 4. Data storage
- Topic 5. Strategy and data

A JOURNEY THROUGH THE SYLLABUS

SECTION 1: BUSINESS PLAN

This section focuses on the fundamental elements of creating a comprehensive and strategic business plan.

Topic 1: Vision, Mission, and Values

The Vision, Mission, and Values topic explores the foundational components of a business plan. Vision defines the long-term aspirations of the organization, Mission articulates its purpose and objectives, and Values outline the core principles guiding behavior and decision-making. Students will learn how to craft these elements to align with the strategic direction of the business.

Topic 2: Strategic Plan

The Strategic Plan topic covers the process of setting long-term goals and defining the steps to achieve them. Students will explore strategic planning methods, including SWOT analysis (Strengths, Weaknesses, Opportunities, Threats), goal setting, and action planning to develop a roadmap for business success.

Topic 3: Business Model

Business Model examines how organizations create, deliver, and capture value. Students will learn about different business model frameworks, including the Business Model Canvas, which helps in visualizing and structuring business strategies to achieve competitive advantage.

Topic 4: Strategic Analysis

Strategic Analysis involves evaluating internal and external factors that impact a business's strategy. Students will learn techniques for assessing market conditions, competitive landscapes, and organizational capabilities to inform strategic decision-making.

Topic 5: Monitoring the Strategic Plan

Monitoring the Strategic Plan focuses on tracking progress toward strategic goals. Students will explore performance measurement techniques, including KPIs (Key Performance Indicators), performance reviews, and adjustment strategies to ensure that the plan stays on track.

SECTION 2: PROJECT MANAGEMENT

This section covers essential concepts and skills for effective project management and team leadership.

Topic 1: Project Management Figure

The Project Management Figure topic introduces the role and responsibilities of a project manager. Students will learn about the project management lifecycle, including initiation, planning, execution, monitoring, and closure, and the skills needed for successful project leadership.

Topic 2: Team Management

Team Management covers strategies for building, leading, and motivating teams. Students will explore team dynamics, leadership styles, and methods for fostering collaboration and productivity among team members.

Topic 3: Team Management and Communication

This topic focuses on effective communication strategies for team management. Students will learn about communication techniques, conflict resolution, and methods for ensuring clear and effective information exchange within teams.

Topic 4: Project Management

Project Management delves deeper into methodologies and tools for managing projects. Students will study project planning, risk management, budgeting, scheduling, and the use of project management software and tools.

SECTION 3: AGILE METHODOLOGIES

This section introduces agile methodologies and their application in managing innovative projects.

Topic 1: Product Management

Product Management explores the lifecycle of product development from idea generation to market launch. Students will learn about product planning, development processes, and strategies for product success.

Topic 2: Lean Startup

Lean Startup focuses on creating and managing startups using lean principles. Students will learn about rapid prototyping, iterative development, and the Lean Startup methodology to validate business ideas and achieve market fit.

Topic 3: Agile Management

Agile Management covers agile frameworks and practices for managing projects. Students will explore Scrum, Kanban, and other agile methodologies that emphasize flexibility, continuous improvement, and customer feedback.

SECTION 4: DIGITAL TRANSFORMATION

This section explores the technologies and strategies driving digital transformation in businesses.

Topic 1: Business Digitalization

Business Digitalization covers the process of adopting digital technologies to transform business operations. Students will learn about digital transformation strategies, including technology adoption, digital tools, and processes for enhancing business efficiency.

Topic 2: Artificial Intelligence (AI)

Artificial Intelligence introduces the concepts and applications of AI technologies. Students will explore machine learning, natural language processing, and AI applications in various industries, including finance, healthcare, and retail.

Topic 3: The Internet of Things (IoT)

The Internet of Things explores the network of interconnected devices and sensors. Students will learn about IoT technologies, applications, and their impact on business operations and data collection.

Topic 4: Blockchain

Blockchain technology is examined for its role in digital transformation. Students will learn about blockchain fundamentals, its applications in various sectors, and its potential for creating secure and transparent systems.

Topic 5: Big Data and Business Intelligence (BI)

Big Data and Business Intelligence covers the use of large datasets for business decision-making. Students will explore data collection, analysis, and visualization techniques, and the use of BI tools for strategic planning and performance management.

Topic 6: Cloud Computing

Cloud Computing explores the delivery of computing services over the internet. Students will learn about cloud service models (IaaS, PaaS, SaaS), cloud deployment options, and the benefits of cloud computing for scalability and cost efficiency.

Topic 7: Industrial Automation and Robotics

Industrial Automation and Robotics cover technologies for automating manufacturing and business processes. Students will learn about automation systems, robotics applications, and their role in improving productivity and efficiency.

Topic 8: Cybersecurity

Cybersecurity focuses on protecting digital assets and information from threats. Students will learn about cybersecurity principles, threat management, and strategies for safeguarding data and systems against cyber attacks.

SECTION 5: DATA MANAGEMENT

This section delves into managing data effectively for business success.

Topic 1: Open Data

Open Data explores the concept of freely available data that can be used by anyone. Students will learn about open data principles, sources, and the benefits of using open data for research, innovation, and business opportunities.

Topic 2: Data Management

Data Management covers strategies for organizing, storing, and accessing data. Students will learn about data governance, data management frameworks, and best practices for ensuring data quality and accessibility.

Topic 3: Data Privacy

Data Privacy focuses on protecting personal and sensitive information. Students will explore privacy regulations, data protection practices, and methods for ensuring compliance with legal and ethical standards.

Topic 4: Data Storage

Data Storage examines technologies and methods for storing large amounts of data. Students will learn about storage solutions, including cloud storage, data warehousing, and strategies for managing data storage needs.

Topic 5: Strategy and Data

Strategy and Data explores how to leverage data for strategic decision-making. Students will learn about data-driven strategies, data analysis techniques, and how to use data to inform business decisions and achieve strategic goals.
