

General conditions of the final test-type evaluation method:

- **Exam Date:** Flexible, but it must be between April 1st and August 30th (a more than sufficient period to complete the exams), provided that your training program is not expired within that time. If it is expired, you must first request an extension to be able to take the exam in the mentioned period.

- **It is a single exam**, regardless of whether you take one, two, or three Master's degrees.

- You have **two attempts**.

- The exam consists of **50 questions**, and you have **2 hours to complete it**.

- The **cost** to opt for the test methodology varies depending on the number of programs you choose to take the exam.

- a) 1 Master's or PDD Exam: € 199
- b) 2 Master's Exam: € 279
- c) 3 Master's Exam: € 349

- The MBA or any of the individual Master's degrees is considered as 1 Master's.

- MBA + Master's or Master's + Master's programs are considered as 2 Master's.

- Global MBA programs are considered as 3 Master's.

- **You can only take exams for the Master's degrees in which you are enrolled.**

- **Subjects that you have already passed will not be recognized**, so you must take the test for all subjects that make up your Master's degrees.

- **There are practice type test exams**, which are already available in each subject, and within this, there will be questions that will appear in the exam.

- All answers to questions in the type test exams are explicitly found in the theoretical material.

- Once the exam starts, the timer will begin, and it cannot be interrupted.

- **The exam will be considered passed from a grade of 5.**

- If you pass the first attempt, it is not possible to retake it to improve the grade.

- If you fail both attempts (a very unlikely scenario), you can renew credits by paying the current fees for more opportunities. You can also return to the classic methodology by paying the corresponding fees. The cost of these fees is € 99.

- After finishing your exam, we will contact you within **15 business days** to manage the dispatch of your diplomas.

- It is not mandatory to take the type test for all your training programs, but you must consider that **diplomas issued by the University Isabel I will only be processed once you finish all of them** (both those with agile methodology and those with classic methodology). You will receive ENEB diplomas at that time.

- **The ECTS credits** you will receive are as follows:

- If you have taken a Global MBA (Three Master's): **90 ECTS**
- If you have taken a Double Master's: **72 ECTS**
- If you have taken an MBA or Master's: **60 ECTS**

An example of diplomas that you can receive from both the European Business School of Barcelona and the Isabel I University:
